GoGo Winter League 2022 Format

Gogo Golf Winter League is a fun recreational league for the winter that is open to all individual participants with the max of 32 participants. Extra sign-ups will be added to a waitlist. If there are enough players in the waitlist, the participant pool may be expanded.

There are no separate divisions based on age, gender or playing ability (Handicap). Everyone is competing against everyone. However, Tees will be adjusted for all participants to ensure a fair and competitive playing environment.

League Play is scheduled for 5 rounds of individual stroke play starting Oct 22. One round will be played each week for 5 consecutive weeks. The Top 16 competitors from League Play will compete in a Match Play elimination playoff.

From League Play there will be a Net Champion and prizes awarded based on Net Score across all 5 rounds. Net Score is the total number of strokes minus the handicap number provided by the player.

The Top 16 competitors will be determined from Gross Score during League Play. Gross Score is simply the total number of strokes across all 5 rounds.

Match play matches will be handicap adjusted between competitors. Handicaps for players will be determined based on the top 4 rounds from the 5 rounds of League Play.

For example: Player A's scores across 5 rounds of league play are +13, +11, +6, +15 and +10. The +15 round will be removed. Handicap will be $(13 + 11 + 6 + 10) / 4 = +10$

If Player A has a handicap of +10 and Player B has a handicap of +13, Player B will be given 3 strokes in Match Play against Player A. On holes Index 1, 2 and 3, Player B will have a one stroke advantage on each of those holes.
